

64th ETRAN Conference and 7th IcETRAN Conference

[Etno Selo Stanišić, Republic of Srpska, September 28–30, 2020](#)

SECOND ANNOUNCEMENT

MANUSCRIPT SUBMISSION

The deadline for paper submission is extended to July 15, 2020

Papers are solicited for the ETRAN and IcETRAN Conferences presenting original theoretical or practical research results, the results of application of theoretical methods in solving practical engineering problems, or descriptions of practical solutions or instrumentation. Only results not published or presented previously are acceptable. Besides the papers covering the fields of interest of particular sections of the Conferences, authors are encouraged to submit papers dedicated to education in the topics of interest for the sections of the two co-located conferences.

The authors are invited to submit papers from the field of nanoscience and nanotechnologies for the 16th annual Nanotechnology Workshop nanoETRAN to be held within the framework of the Microelectronics and Optoelectronics Section (MO).

Students of undergraduate studies are invited and will be stimulated to submit papers to be considered for presentation at a separate student section.

The detailed instructions for camera-ready manuscripts are on the IcETRAN conference site. The MS Word (*.docx) template can be used. The required format for the submission is somewhat modified version of the IEEE Transactions format.

[MS Word template*](#)

[PDF template](#)

* It is recommended to use .doc version as a template and apply its built-in styles.

Manuscripts must be submitted electronically in PDF format using  [EasyChair conference management system](#) not later than  **July 15, 2020***. Instructions for opening an  account and for the paper submission procedure can be found by selecting the icon in the window for the paper submission in the top left corner of the screen.

All papers submitted for presentation at the Conference will be anonymously peer-reviewed. If the paper has been accepted conditionally based on the reviewer's comments to make minor changes, the authors are requested to introduce the changes and upload the modified version of the paper (only .pdf format) not later than **July 31th 2020**.

INVITED PRESENTATIONS

The conference program includes invited presentations. The list of the invited presenters (sorted by alphabetic order of sections):

- Acoustics: : Jesus Carbajo San Martin, University of Alicante, Spain
- Antennas and Propagation: Dr. Djuradj Budimir, University of Westminster, London, UK
- Automatics: Special session dedicated to the memory of Prof. Dušan Petrovački (Zoran Jeličić, Novi Sad)
- Biomedicine: Prof. Strahinja Došen, Aalborg University, Aalborg, Denmark
- Power Engineering: : Prof. Petar Grbović, University Innsbruck, Austria
- Electronics: Prof. Vlada Stojanović, Berkley University, CA, USA
- Metrology: Dr Voicu Groza, School of Information Technology and Engineering, Ottawa, Canada
- Microelectronics and Optoelectronics: Prof. Vladimir Milovanović, University of Kragujevac, RS
- New Materials: Prof. Vera Pavlović, Faculty of Mechanical Engineering, University of Belgrade, Serbia
- Telecommunications: Prof. Bane Vasić, University of Arizona, Tucson, USA

SPECIAL SESSIONS¹

Three special sessions are planned for the Conference:

- Serbia and energy in the XXI century – coordinators: Slobodan Vukosavić, Serbian Academy of Sciences and Arts, Belgrade, Serbia
- What the computers can not do (artificial intelligence - AI) – coordinator Dejan Popović, Serbian Academy of Sciences and Arts, Belgrade, Serbia
- Digital Serbia and Republic of Srpska– coordinators: Prof. Branko Dokić, Banja Luka, Republic of Srpska and Prof. Milo Tomašević, Belgrade, Serbia

COMMITTEES

The lists of members of science and organizing committees of IcETRAN can be found at the web address: <https://www.etrans.rs/2020/IcETRAN/Committees/>

AWARDS

ETRAN society **awards the best paper in each section** for both ETRAN and IcETRAN conferences. All the papers that were accepted and presented either within oral or poster sessions are eligible for the award. The decision is drawn by the Conference Scientific Board based on the proposals from each the Sessions Chairs in each Section. Sessions chairs may decide not to submit any proposal.

All the authors of the winning papers share the award equally. The authors are solemnly awarded their ETRAN Society Diploma during the opening session of the next conference.

The authors of awarded papers are invited to submit a modified version of the manuscript for publishing in scientific journals that cooperate with ETRAN society. Each of these journals carries out the usual review of the submitted manuscripts.

ETRAN society awards **the best paper submitted by a young researcher²** in each section of both ETRAN and IcETRAN conferences. The decision is drawn by the Conference Scientific Board based on the proposals by the Sessions Chairs on each Section. The young researcher awardees need to be the primary authors of the papers which they presented in person within an oral or poster session.

The awarded author is solemnly presented with his/her ETRAN Society Diploma during the opening session of the next conference. Each of awarded young researcher also obtains one-day free accommodation at the next annual ETRAN meeting, with the purpose of assisting his/her participation in the opening ceremony. The awarded young investigator, who presents the paper at the subsequent annual conference, does not have to pay the conference fee. This benefit is not transferable.

Each of awarded young researchers is invited to submit a modified version of the manuscript to the Serbian Journal of Electrical Engineering. The journal carries out the usual review of the submitted manuscripts.

PROCEEDINGS

All papers presented at any of the two conferences will be published in the electronic proceedings available on the ETRAN site. The mandatory condition to have the paper included into the proceedings is that the paper has been presented by one of its authors, and that at least one of the authors has paid the registration fees.

The awarded young researchers³ have the option to publish for free an extended version of their conference paper in a special issue of the science journal *Serbian Journal of Electrical Engineering*.

All other awarded papers³ have the option to publish for free an extended version of their conference paper in special issues of science journals cooperating with ETRAN Society: *Science of Sintering*, *Serbian Journal of Electrical Engineering*, *Telecommunications*, *Microwave review*, *Electronics* or *Facta Universitatis: Series Electronics and Energetics*.

¹ The abstracts and list of invited participants will be posted on the conference site before July 31, 2020.

² To qualify for the **Young researcher** a participant must be a student enrolled in an academic bachelor program (younger than 25 in 2020), master program (younger than 27 in 2020), PhD program or has a PhD degree (younger than 40 years in 2020). The relevant information has to be specified while registering and submitting the manuscript.

³ The authors could request that only abstract of their contribution is published in the Proceedings, but they must submit the complete manuscript for the review.

REGISTRATION AND CONFERENCE FEES

Registration is mandatory for all participants of both conferences. The registration form can be found [here](#). Registration implies the payment of the pertaining registration fee.

	Before September 15, 2020.		After September 15, 2020. (at the site of the Conference)
	Payment from abroad	Payment in RSD	Payment only in RSD
<i>Registration fee</i>			
Regular	150 €	18000	20000
IEEE member and ETRAN Society members	120 €	15000	16500
Employees of the collective member of the ETRAN Society which paid its annual dues	100 €	12000	13000
Young researchers ⁴	90 €	10000	11000
Visitor (social program)	60 €	7000	8000
Members of the Committee, invited speakers in sessions and speakers in special sessions	free	free	free

The registration fees cover participation at all the conference sessions and manifestations, includes the booklet of program and abstracts, the badge with the name and title, and the access to the electronic form of the Proceedings published at the ETRAN society web-site after the Conference. The Proceedings is edited and provided with pagination and ISSN number. Participants can order the Proceedings on a CD or a USB-stick (please enquire at ETRAN secretariat). The papers presented at oral sessions and those included in poster sessions are treated equally and published in the same manner in the Proceedings. Young researchers need to provide the certificate from their academic institutions including necessary info, including the date of birth. Registration fees for a young researcher applies only for the first author of the manuscript who presents it (this is valid for one paper per author at any of the two ETRAN conferences).

VENUE

Information about the venue can be found at the web site <https://www.etno-selo.com/en/>

IMPORTANT DATES

Deadline for papers submission (EasyChair)	July, 15 2020
Review process finalized, reviews sent back to authors (EasyChair)	July, 31 2020.
Final versions of papers received (EasyChair)	August, 15 2020.
Information to authors about the acceptance of the revised version of the paper (EasyChair)	September, 1 2020.
Early registration for the conference deadline (EasyChair)	September, 15 2020.
Opening session of the IcETRAN 2020 and ETRAN 2020 Conferences	September 28 2020.

⁴ To qualify for the **Young researcher** a participant must be a student enrolled in an academic bachelor program (younger than 25 in 2020), master program (younger than 27 in 2020), PhD program or has a PhD degree (younger than 40 years in 2020). The relevant information has to be specified while registering and submitting the manuscript.
