

Society for Electronics, Telecommunications, Computers, Automatics and Nuclear engineering

9th International Conference on Electrical, Electronic and Computing Engineering IcETRAN 2022

Novi Pazar, June 6-9, 2022

## FIRST ANNOUNCEMENT AND CALL FOR PAPERS

ETRAN is the oldest, the largest and the most prestigious Serbian professional society in the domain of engineering. ETRAN organized the national conferences ETRAN in continuation since 1955. Held every year, with in average of 400 papers, the conference was the principal attraction for researchers in engineering from Western Balkans to meet and share their results and know-how. ETRAN Society goal has been to gather in one place researchers from specialized and somewhat diverse fields of electrical and electronic engineering to promote their closer and more efficient communication. The official language of the ETRAN conference is Serbian.

In 2014, the Society launched the International conference on electrical, electronic, and computing engineering (IcETRAN) which runs in parallel with the national ETRAN conference. The international conference IcETRAN is dedicated to the same topics as the ETRAN. The IcETRAN conference series was started to extend the ETRAN event for international participation. The conference is organized with support of IEEE. The official language of the IcETRAN conference is English.

The IcETRAN conference includes invited key lectures, tutorials, round table discussions and sessions related to seventeen domains of engineering. The conference schedule is planned to provide the time for discussing problems of interest within special sessions. The papers submitted will be reviewed by two anonymous peers. The papers accepted for the conferences will be in the edited proceedings with the ISBN number available on the ETRAN web site (public domain).

The conferences are planned to bring together young researchers; thereby, attractive registration fees and accommodation discounts would facilitate their participation. The meeting includes social events to allow participants to mingle and exchange individual prospective related to the research, development and the future of engineering within the fourth industrial revolution.

The conferences are supported by the Ministry of education, science and technological development of Serbia and other professional sponsors.

For more information about the Conference please visit [www.etrans.rs](http://www.etrans.rs)

### IMPORTANT DATES:

- January 31, 2022 – Final date for proposing special sessions, workshops, educative events and invited speakers for the Conferences
- February 28, 2022 – Program of the special sessions accepted and the list of invited guests finalized.
- **March 31, 2022– DEADLINE FOR PAPERS SUBMISSION (EASYCHAIR)**
- April 24, 2022 – Review process finalized, reviews sent back to authors for (EasyChair)
- May 15, 2022 - Final (revised) versions of papers received (EasyChair)
- May 20, 2022 – Information to authors about the acceptance of the full version of the paper (EasyChair)
- May 20 / May 31, 2022 - Registration (Early Bird/Late) for the conference (EasyChair)
- June 6, 2022 – **OPENING SESSION OF THE ICETRAN 2020 AND ETRAN 2020 CONFERENCES**

Contact: ETRAN, Kneza Miloša 9 / 4, 11000 Belgrade, Serbia

Phone numbers: + 381 11 323-3957, +381 63 245-418 (ETRAN secretary: Ms. Mirjana Jovanić)

E-mail: [office@etrans.rs](mailto:office@etrans.rs),

Etran and IcETRAN conferences will be held in Novi Pazar, the host is State University in Novi Pazar.

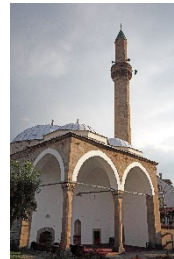

For more information about the State University Novi Pazar please visit <http://www.dunp.np.ac.rs>

Novi Pazar is a city located in southwestern Serbia in the vicinity of the medieval fortress Stari Ras, one of the first capitals of the medieval Serbian state of Raska. The remains of medieval fortification in Gradina location, former market-place of Staro Trgoviste, some 11 km. west of modern city of Novi Pazar.

Memorial site Stari Ras with the nearby Monastery of Sopocani is since 1979 marked as UNESCO World Heritage Site.

Novi Pazar has a Museum Ras, a Fortress, a medieval Turkish fort, built by Isa-bey Isahovic in the 15th century when city itself was established, also Altun-alem Mosque from the 16th century.

Besides the numerous historical Landmarks,, Novi Pazar is widely known for its gastronomie specialty mantije /traditional Pastry, resembles burek but the shape is different/, also ćevapi /minced meat formed into fingerlike pieces, grilled/.

In numerous coffee barrooms and tearooms one can drink coffee or tea prepared in a traditional way, strole through the old part of the town, čaršija /Downtown/, and sense the spirit of the Orient.

Zlatno sokače /the golden Alley/, situated under the tiles-roofed dilapidated houses, irresistibly resembles Sarajevo or Istanbul. Sebilj in the very center, intensify this impression.
